

# Time and Effort User Journey

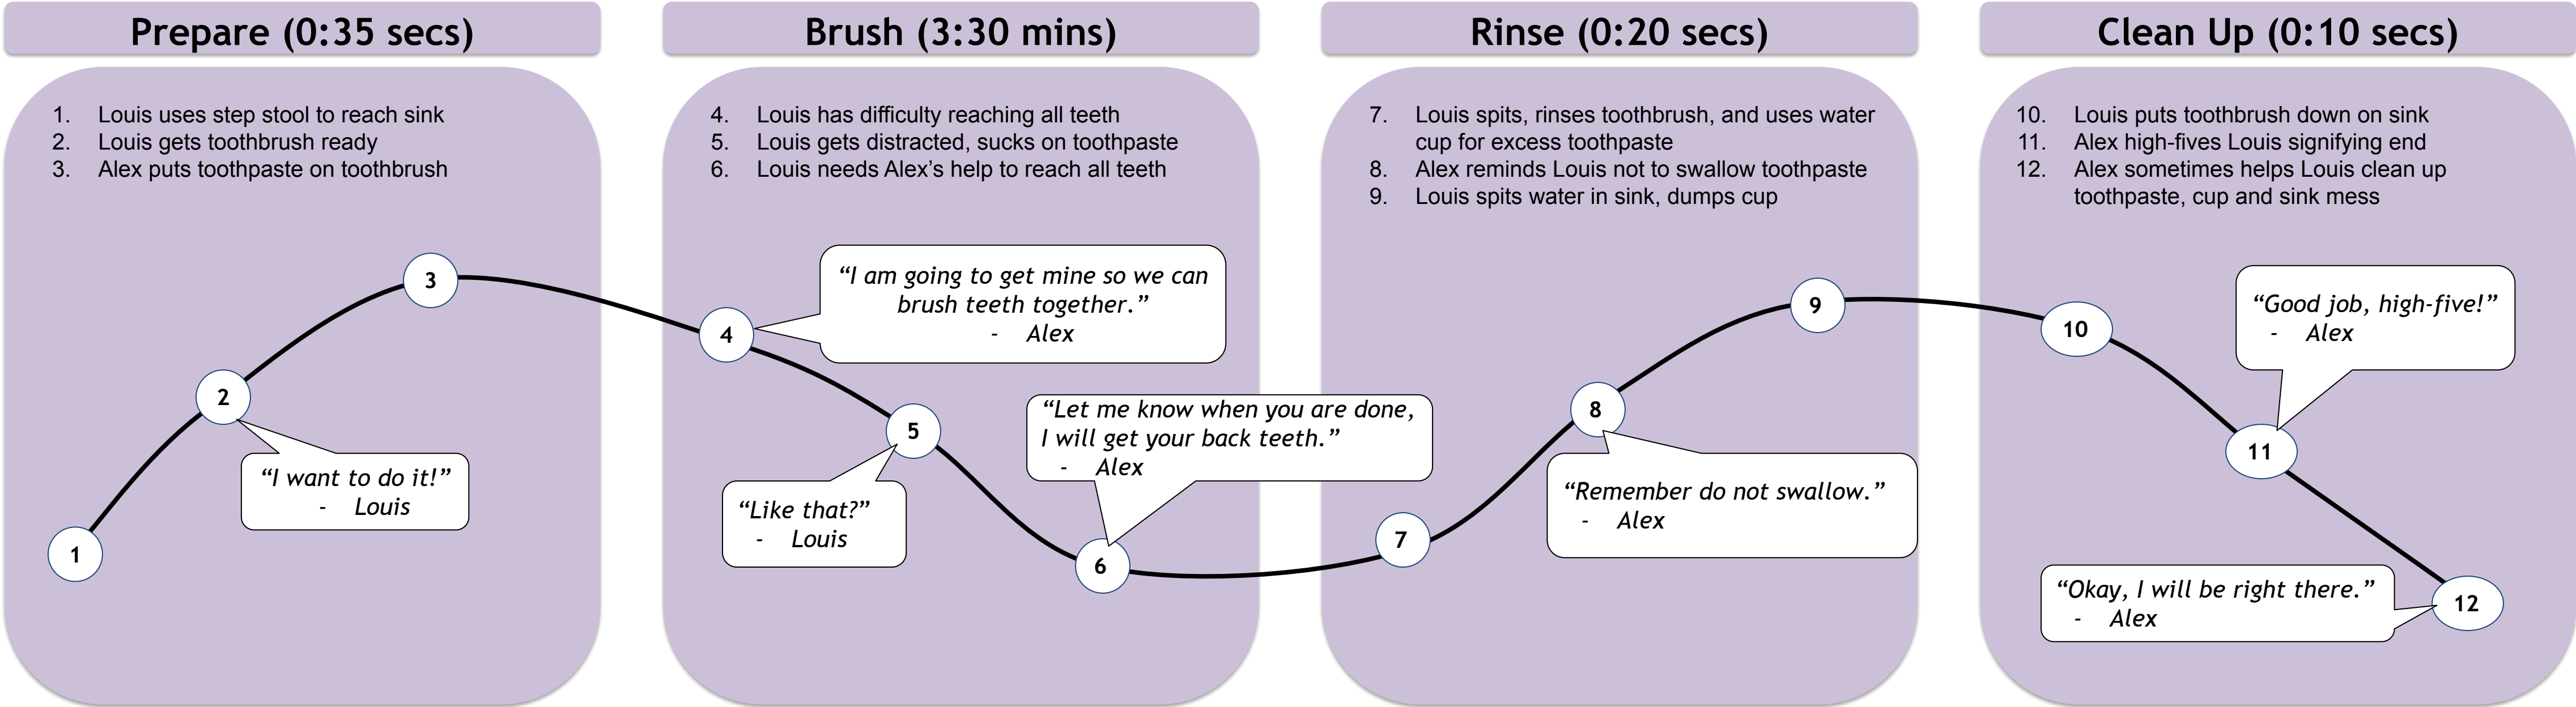

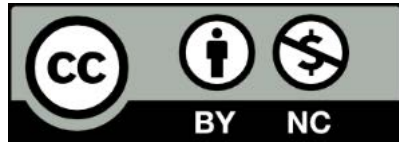

## Scenario

Louis is brushing his teeth for the night while his dad, Alex, helps him. Louis has done this before, and occasionally needs help from his dad when he cannot reach or has difficulty during the process. Alex wishes that Louis improve his toothbrushing skills to eventually complete the task on his own..

## Pain Points

- Louis cannot reach everything on the sink
- Alex needs to help Louis with toothpaste, brushing, and clean up
- Louis hand dexterity skills are developing, hard to brush all teeth
